Preface

Welcome to the Keiser University Virtual Fact Book! This publication contains frequently requested information about the University. It is designed to provide a snapshot of the institution's principal characteristics. The Fact Book is published and maintained by the *Office of Institutional Research, Planning and Assessment (OIRPA)* with new information added as it becomes available. The sources for much of the information are from the current University Catalog and Addendum, the Integrated Postsecondary Education Data System (IPEDS) report, accreditation correspondence, external publications and internal reports. These dated information sources are cited within each section beneath the headings.

To facilitate document navigation, the Fact Book Table of Contents contains automated text links to each section. In addition, each heading has a 'Return to [Table of Contents](#)' link located directly beneath it.

For comments or questions regarding this publication, please contact William Ritchie, Ph.D., Vice Chancellor of Academic Affairs at writchie@keiseruniversity.edu, or call (954) 776-4476.

Source: 2011-2012 University Catalog, August 2011, Volume 11, No. 1

Keiser University is a regionally accredited private career university that provides educational programs at the undergraduate and graduate levels for a diverse student body in traditional, nontraditional and online delivery formats. The main campus is located in Fort Lauderdale, with campuses located throughout the State of Florida and internationally. Through quality teaching, learning, and research, the university is committed to provide students with opportunities to develop the knowledge, understanding, and skills necessary for successful employment. Committed to a "students first" philosophy, Keiser University prepares graduates for careers in business, criminal justice, health care, technology, hospitality, education, and career-focused general studies.

Inherent in the Mission is service to the community. This service includes community partnerships, involvement with various constituencies and various continuing education programs.

Admission Requirements

Source: 2011-2012 University Catalog, August 2011, Volume 11, No. 1

GENERAL ADMISSIONS REQUIREMENTS

Applicants desiring to enter Keiser University must contact the Admissions Office to obtain an application. Applications should be submitted well in advance of entry date. This permits proper scheduling and assures availability of classroom space. Applications for Winter, Spring or Fall semesters should be made as early as possible, as these entry dates are normally the time of greatest enrollment. Applicants are encouraged to visit the University in person. The Admissions Office is open Monday through Thursday from 9:00 a.m. to 8:00 p.m. and on Fridays from 9:00 a.m. to 5:00 p.m. (with other times by appointment). To be considered for enrollment at Keiser University, all applicants must supply:

- Verification of high school graduation (transcript, diploma, etc.)
or
- Verification of GED completion (GED scores or GED diploma)
or
- Proof of graduation from a foreign institution comparable to a United States secondary school

Applicants will not be required to provide proof of high school graduation when they provide the following:

- Verification (official transcript) of an earned degree from an accredited institution recognized by United States Secretary of Education,
- An evaluation of an official transcript by an approved educational evaluator service attesting that the degree is equivalent to a degree earned at a regionally accredited institution of higher education in the United States.

Home-schooled applicants who have a high school diploma are considered for admission.

An applicant must make arrangements to take Keiser University's entrance examination (administered at the University) or provide results of his/her Scholastic Aptitude Test (SAT) or American College Testing examination (ACT). Applicants who have earned an associate degree from a regionally-accredited institution of higher education do not have to take this entrance examination.

University requirements for admission are a combined score of 1420 on the SAT (or 800 on the previously used SAT examination), a composite score of 17 on the ACT or successful passing score on the University entrance examination.

It is a policy of Keiser University that candidates seeking general admission to the University are not required to take the general admission test upon providing written proof of an earned associate degree or a higher degree from a regionally accredited college. Candidates with an associate degree or a higher degree from a regionally accredited college seeking entry into the University's allied

health programs must have a cumulative grade point average of 3.0 to be considered. Candidates must meet all other general and allied health program-specific admission requirements.

Keiser University reserves the right to accept up to 10% of applicants who do not meet appropriate entrance test scores but who request admission based on other criteria. An appeal letter and accompanying documentation is reviewed by the Dean of Academic Affairs and the Campus President. If the appeal is approved, a waiver letter is placed in the applicant's academic file.

ACADEMIC PLACEMENT DETERMINATION

Entering students are tested for English and mathematics placement using diagnostic tests provided by Keiser University. Upon completion of the examination, students are notified which English and mathematics courses they must take.

PROGRAM-SPECIFIC ADMISSIONS REQUIREMENTS

All candidates must achieve the required entrance examination scores and all other requirements for admission to specific bachelor and associate degree allied health programs.

INTERNATIONAL STUDENTS

Keiser University is proud of the international character of its student body and welcomes students from other nations. All international students must be fluent in English before they enroll. Applicants are asked to furnish proof that they can read, write and speak English fluently. The University accepts only F-1 visas based upon a student's program of study. International student applicants must meet the following requirements for admission to Keiser University:

1. Successful completion of a secondary school program that is equivalent to high school in the United States. (Official records must be evaluated by an approved educational evaluator service attesting that completion is equivalent to secondary school completed in the United States.)
2. Certification of financial ability to meet tuition and other necessary expenses or ability to qualify for financial aid as an eligible non-citizen.
3. If an applicant's primary language is not English, a TOEFL score of 500 or higher on a paper-based examination, a score of 225 on a computer-based examination or an iBT of 64.

Applications for international students can be obtained through the Admissions Office. Applications should be submitted at least two months prior to the start of a program.
